Keep the dates and times on your fridge and remember you can always check the website if you need to confirm times.

Other news

The Primary excursion to Sydney was a great success. I speak for all the staff in commending the students for their engagement and excellent behaviour in the activities. All of the tour guides made positive comments about our students. It was a busy and tiring few days, but the learning and enjoyment make it a rewarding experience. Read below Abigail's Report to find out more details.

Captain speeches were held last week and the votes are in. Our new captains will be announced on Presentation Day.

Students have also been busy in class with end of year assessments, and teachers have been busy preparing reports! These will be handed out in week 10.

Mrs Hobbs is continuing her interviews with parents and carers this week. Thank you to all of you for your honest and valuable feedback. Sue will present your suggestions to staff and we will use them to help us develop our new school plan. We really do appreciate the time you have given, and look forward to hearing your great ideas.

School Evaluation In Full Swing

Thank you to all the families who have already given their feedback in the annual school evaluation process. It has been a pleasure to reacquaint with those I know from my time here and to meet the families who have come since.

Although we originally stated the interviews would only take about 10 minutes, parents have been keen to spend a lot longer talking about the school – what they feel is going well, what perhaps is not so great and some ideas for the school's future direction.

I have a few families to catch up with this week and then collate the results into a report. So expect a call either Wednesday or Thursday.

Your opinion is valued, so the more feedback/ideas we get the better!

Expression Of Interest

Expression of interest to support the tea & cake stall at intermission on Thursday evening. Please provide cake/ biscuit to sell with tea/coffee. We also need some for Wednesday matinee intermission which will be a smaller crowd. We also need helpers to man the coffee and cake table.

Please contact Elisa for any queries .

P & C Raffle

Reminder that the P&C Christmas raffle closing day is 8 days away. All books need to be returned to School on Tuesday 5 December - ready for Thursday draw at presentation.

Keep promoting and selling - we are aiming for \$3000 so help us reach our goal.

Upper Division Sydney Excursion

On Tuesday, the morning of the excursion, most of us had to get up at about 5am. We left school at 6am to be at Sydney by 10:30am. We got there on time with a quick breakfast break first. When we got there the first thing we did was go to the aquarium. There were lots of fish and sharks. I really enjoyed it. Then we went to the Power House Museum we went around in groups with a teacher. We were there for about an hour and 1/2 to 2 hours. I really liked all things. After that we went to the Sydney Tower Eye. It was a really cool view out the window. I saw the Q station. The elevator that we went in is the fastest elevator in the world. We went to the Q station which is where we were staying for the next 2 nights.

Everybody got up about 6:30am to get changed and have breakfast. At 7:00 we left the Q station and left to go to the docks to go on a ferry, it was slow. We were on the ferry for 1/2 hour. The first thing we did was go to the rocks for a tour. The tour was very interesting. We saw lots of old buildings and roads. After the rocks tour we went to the Art Gallery. There were lots of cool paintings, drawings and sculptures. We then went and had lunch at the Botanical gardens as well as seeing the Opera House. We then went to the Australian Museum. The teachers then got us into groups of 7-8 people. There were lots of things to see. My favourite was the dinosaurs exhibit. After a long day of excitement, we went back to the docks, got on the ferry and went back to the Q station.

On the last day we had a tour of the Q station. It was very interesting how all the things work. Then we started our big journey home with a stop at the Australian Reptile Park. My favourite thing at the reptile park was the snakes. We got back to school at about 6:00pm.
